W. R. BURNITT

Commissioner Streets. Alleys and Public Property

October 7th, 1909. Corrugated Culvert Co.,

Guthrie, Oklahoma. DEAR SIRS:-

Replying to yours of recent date have to say that your culverts are giving the greatest satisfaction.

One week ago today we placed one of your Watson Patent Metal Culverts 12 inch in diameter at the intersection of B Street and 2nd Avenue, and placed about 8 inches of LOOSELY PACKED DRY dirt over same. All of Ringling Bros. Pole and Parade wagons passed safely over same. One wagon No. 33, weighing seven tons and pulled by 16 large horses rode safely over with no effect, whatever, on the culvert, and we are more than satisfied with this test as no surer one could be made.

You are at liberty to use this letter over my, signature in anyway you see fit.

Yours truly. W. R. BURNITT. Commissioner Streets, Alleys and Public Property
